

Recommended Feedback resource settings

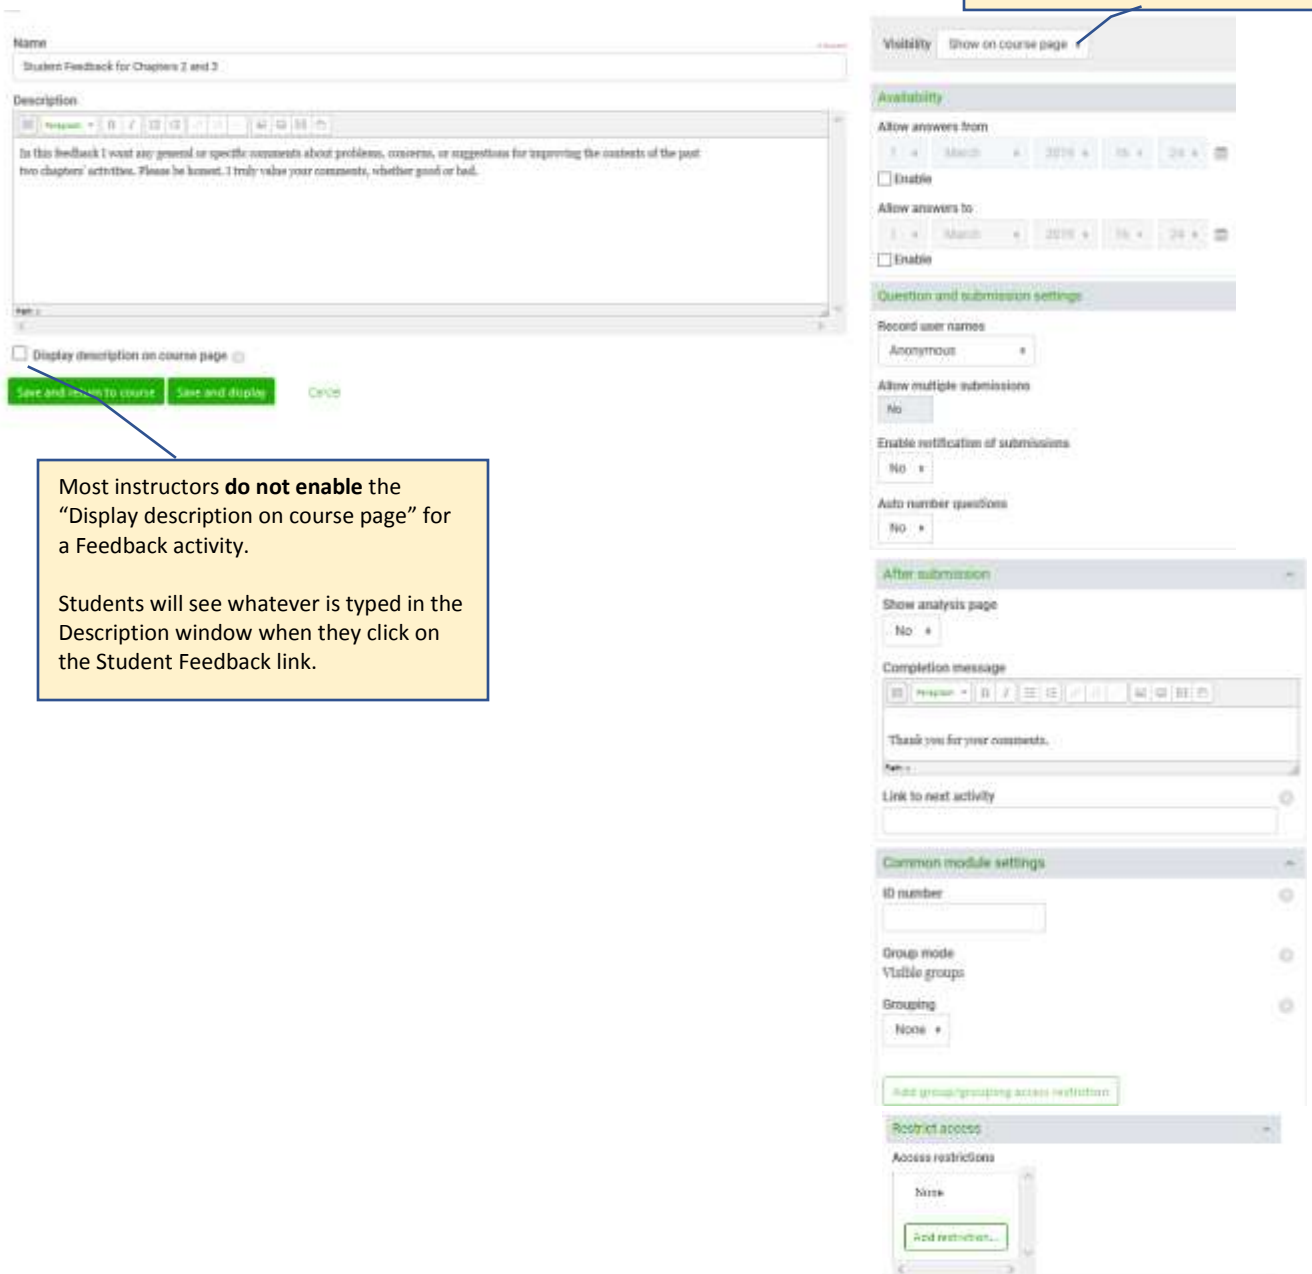

File resource - Click this link to access file uploaded from your computer.

→ [Pencil icon] [More options icon]

Click the **Edit** icon below the URL resource to open the Edit settings screen.

With the proper settings the Activity completion icon will change to a green check mark once students click on the link to open the file.

After changing settings always click the “Save and return to course” button on the left side of the Edit settings screen.

Name: Student Feedback for Chapters 2 and 3

Description: In this feedback I want any general or specific comments about problems, concerns, or suggestions for improving the contents of the past two chapters' activities. Please be honest. I truly value your comments, whether good or bad.

This is the default. Unless you don't want students to see the URL on the course page, leave it at the default.

Most instructors **do not enable** the “Display description on course page” for a Feedback activity.

Students will see whatever is typed in the Description window when they click on the Student Feedback link.

Change Completion tracking to “Show activity completion when conditions are met” and enable “View as completed if the feedback is submitted.”

Activity completion
