

Message Preferences

Choose whether you do/do not want messages in Moodlerooms to be sent to your email.

Method 1:

The screenshot shows the Moodle Messages interface. On the left, there's a list of messages from contacts like Pam Hill, Alyssa Oates, and Pam Denney. On the right, the 'Settings' panel is open. A red box highlights the 'Settings' button in the top right corner of the Messages window, with a callout stating: 'In your Messages window, click the **Settings** button'. Another red box highlights the 'Email' option under 'Notification preferences', with a callout stating: 'Choose whether you also want messages sent to your email.' The 'Email' option is currently unchecked.

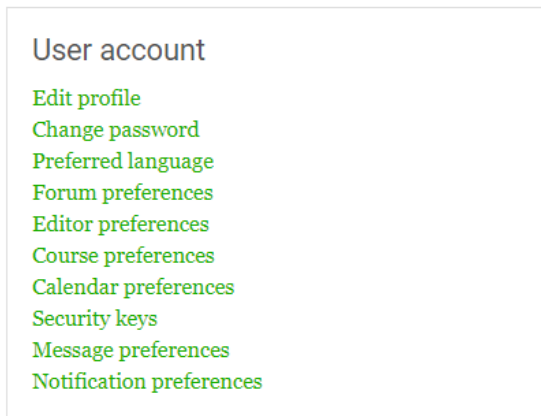

Method 2:

Using this method, you can make other preference choices besides just messages.

The screenshot shows the top of a Moodle user profile for Pamela Denney. The header is green and contains a profile picture, the name 'Pamela Denney', and a navigation menu: 'Profile - Dashboard - Preferences - Grades - Switch role to... - Log out'. A red arrow points to the 'Preferences' link in this menu.

Preferences

The screenshot shows the 'Preferences' page in Moodle. It has a title 'Preferences' and a section 'User account' which contains a list of links: 'Edit profile', 'Change password', 'Preferred language', 'Forum preferences', 'Editor preferences', 'Course preferences', 'Calendar preferences', 'Security keys', 'Message preferences', and 'Notification preferences'.
