

Enable this setting under the Activity completion heading in the Edit settings for each discussion forum to cause the date to appear in the student's Deadlines area on their My Courses page.

Activity completion

Expect completed on

18	February	2019
23	55	<input checked="" type="checkbox"/> Enable

Enable this so the date you set will appear in the student's Deadline window on their My Courses page.

Deadlines

Chapter 1 Discussion Forum should be completed

Business Principles, Pam Denney, Full Term
Monday, February 10, 11:55 PM

Special Notes:

- You must still set a Restrict access date since this does not prevent students from posting after your due date.
- Do not enable this choice for assignments or exams since the due date you set for them is what places them in the Deadline window.
