# Allow student access to your course

Generally, you keep your course hidden from students until the first day of the semester. Follow these steps to allow student access (show).

## Access the course settings menu using one of these 2 methods:

Method 1 – access course settings from gear icon

Click Admin **gear icon**

When Course administration list appears, choose **Edit settings**

▼ Course administration
✱ Edit settings
⚙ Course completion
▸ Users

Method 2 – access course settings from Course Dashboard

Click **Course Dashboard**

When the dashboard appears, choose **Course settings.**

Change Visibility to **Show.**
